DETAILED ACTION

This action is in response to After-final Amendment filed July 14, 2006. Claim 1 has been amended and claims 5 and 10 have been cancelled as requested by the applicant.

Response to Arguments

Applicant's arguments, see Amendment, filed July 14, 2006, with respect to claim 1 have been fully considered and are persuasive. The rejection of claim 1 has been withdrawn. Applicant amended claim 1 to include the subject matter of claim 5, which was previously indicated as allowable.

Allowable Subject Matter

Claims 1-4 and 6-9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to teach and/or suggest calculated coefficients of expansion M1 and M2 determined from the formula $((L2-L1)/L1) \times 100$ based on results from the first or second protective film cut into specific strip specimens and tested under the specific conditions as set forth in the claimed combination.

The remaining claims depend from claim 1 and are allowable for the same reasons.

Art Unit: 2872

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
